Lynn and I remain supportive of your on-going use of the PALS Reading for Grades 2-6 and Kindergarten manuals and the PALS Kindergarten Math manual which have been translated and are disseminated in Iceland under your direction through SÍSL. Additionally, we are willing to grant permission for an expansion of PALS use by SÍSL to include the translation and dissemination of PALS Reading for First Grade and the PALS Math for First Grade and Grades 2 – 6 manuals. Our support of the Icelandic translation and dissemination in Iceland and your continued access to the PALS content is granted with the following stipulations:

- 1) For each PALS manual and all related materials translated by SÍSL, there will be a clear acknowledgement on the cover recognizing Lynn Fuchs, Ph.D. and Douglas Fuchs, Ph.D. and their associates as the developers of PALS, with the authors' names reported in appropriate sequence;
- 2) Drs. Lynn and Doug Fuchs will retain all intellectual property and copy rights to all PALS-related materials, and as such, no other individual, commercial or government entity has permission to publish or print any PALS content;
- 3) Your use and dissemination of PALS is restricted to Iceland and may not include any association with any for-profit activities or for-profit entities / institutions.
- 4) Neither you nor SÍSL will engage in any transaction involving PALS from which you make a profit.
